

NAPA COUNTY GRAND JURY REPORT 1964

MOSQUITO ABATEMENT DISTRICT

On April 3, 1963 this committee met at the offices of the Mosquito Abatement District and were shown the plant and equipment, all of which are kept in immaculate condition.

This District is operated by a five man Board of Trustees and Mr. William Rusconi, Superintendent, who has two regular operators supplemented with extra help during the mosquito breeding seasons.

An audit by Mr. Seiberlich shows the District to be in sound financial condition and operating well within its budget.

Mr. Rusconi explained the operation of the District and how they give the Taxpayer a maximum amount of service at a minimum expense.

This committee finds the work of the Mosquito Abatement District very satisfactory and has no recommendations at this time.

Respectfully submitted,

Ed Brovelli Jr., Chairman
Betty M. Wilson
